Firebird's multifuel range cooker allows for traditional cooking with exceptional performance, perfect for your Sunday roast as well as your homemade favourites.

We have designed our cooker in such a way that it answers all your cooking requirements. There are two ovens with ample shelving. Roasting, baking and grilling can be done in the top oven, whereas the bottom oven is ideal as a warming oven.

The distinctive cooker design has a large fuel boiler area, providing excellent heat to your house. With an efficiency of up to 80%, the cooker is designed to Firebird’s exacting standards and history of superior products.

Whether you are cooking for the family or entertaining guests, the Firebird multifuel range cooker makes it all the more enjoyable.

**Features**

- Robust cast iron design.
- Large main oven with on/off oven lever and even heat distribution.
- Cast iron lids ensure excellent heat retention.
- Warming oven.
- Thermostatically controlled.

Please refer to our installation manual for full details.

SERVICING
In order to obtain the best efficiency, Firebird recommends that the cooker is serviced once a year by a competent, qualified engineer.

WARRANTY
This Firebird product is designed and manufactured to give many years of trouble-free service. We offer a 5 year warranty on the cooker and boiler shell and 2 years warranty on all other parts, provided installation has occurred within 12 months from date of purchase. The 5 year cooker and boiler shell warranty consists of labour and parts for the first 3 years and parts only in years 4 and 5. The warranty is conditional on the cooker being commissioned and operated correctly (see instruction manual for terms & conditions).
